Sole Source Justification State Fiscal Recovery Funds

This information is provided by the Georgia Governor's Office of Planning and Budget (OPB) to serve as a resource for subrecipients contemplating a noncompetitive contractual relationship with a contractor under an award, where the contracted cost exceeds the Simplified Acquisition Threshold of \$250,000. Sole source justifications should include adequate information to address the elements below, where applicable, and be documented on the form provided in **Exhibit A**. The content herein serves only as a supplement to procurement requirements found at 2CFR §200.318, and acceptance of a sole source justification lies exclusively with the U.S. Department of the Treasury.

Item Only Available Through a Single Source

- ✓ Does independent research through internet searches or discussions with subject matter experts corroborate that the item is available only from a single source?
- ✓ Does the request demonstrate the uniqueness of items or services to be procured from the proposed contractor or contractor (e.g., compatibility or patent issues, etc.)?
- ✓ Does the request demonstrate and support how it determined that the item or service is only available from one source (e.g., market survey results, independent agency research, patented or proprietary system)?
- ✓ Does the request demonstrate a significant need for contractor's expertise linked to the current project (e.g., knowledge of project management, responsiveness, experience of contractor personnel, and/or prior work on earlier phases of project)?
- ✗ Please note that schedule alone does not constitute an emergency/exigent condition for the purposes of justifying a sole source.

Inadequate Competition

- ✓ Does the request adequately describe the efforts to competitively contract for this item? For example, were requests for proposals or bids conducted and what was the nature of the responses?
- ✓ Does the request demonstrate that a cost reasonableness analysis was performed and documented to justify that the costs would reasonably reflect equal to or better market conditions had the project been competitively procured?

NOTE: The acceptance a Sole Source contract lies exclusively with the United States Department of the Treasury.

OFFICE OF PLANNING AND BUDGET

Brian P. Kemp
Governor

Kelly Farr
Director

- ✓ Does the request provide results of a market survey to determine competition on availability or explain why no survey was conducted?
- ✓ Does the request contain a written justification supporting why the item is only available through a single source, including steps taken determine the item is only available through a single source?

Conflict of Interest / Suitability / Procurement Standards

- ✓ Does the request ensure there is no conflict of interest with the proposed contractor?
- ✓ Does the request indicate that the System for Award Management (SAM) was checked and that the proposed contractor has not been prohibited from receiving federal funds?
- ✓ Does the request include evidence that the procurement will be competed in compliance with the organization's procurement policies and the procurement standards outlined in the Uniform Guidance, including the required contract provisions?

Documentation and Approvals

- ✓ Does the request contain a detailed, written justification for the noncompetitive contract?
- ✓ Does the written justification contain evidence of review and approval by those charged with governance (Stakeholders, Council, Board of Directors, Senior Management)?

Questions to GeorgiaGrants@rsmus.com

NOTE: The acceptance a Sole Source contact lies exclusively with the United States Department of the Treasury.

OFFICE OF PLANNING AND BUDGET

Brian P. Kemp
Governor

Kelly Farr
Director

Exhibit A – Sole Source Justification Form

Subrecipient Name	Bibb County Sheriff's Office
Grant ID	GA-0013930
Date	July 7, 2023
Value of noncompetitive contract	\$1,409,000
Scope of noncompetitive contract	ALPR Camera Subscription Service
Name of contractor	Flock Safety

1. Describe the facts and circumstances which led to the subrecipient's determination that the non-competitive contract is justified. (e.g. Internet research, publications, market evaluation, consultations, etc.). List all sources identified and investigated to determine that no other source exists for similar products capable of meeting requirement. *Please limit your response to 500 words.*

Flock Safety is the sole manufacturer and developer of the Flock Safety ALPR Camera and the sole provider of the comprehensive monitoring, processing, and machine vision services which integrate with the Flock Safety ALPR Camera. Flock Safety is the only LPR provider to officially partner with AXON to be natively and directly integrated into Evidence.com.

The Flock Safety system promotes cooperation among participating jurisdictions, providing access to camera systems in more than 1,500 cities in 42 states capturing more than 1 billion vehicles per month. Flock Safety cameras currently operate in neighboring Houston County and Monroe County, as well as numerous jurisdictions in the Atlanta area. Joining the Flock Safety camera platform will enable the Sheriff's Office to utilize the existing Flock ALPR systems in other jurisdictions. Access to additional cameras purchased by public and private agencies means an ever-increasing amount of cameras and data at no additional cost.

NOTE: The acceptance a Sole Source contract lies exclusively with the United States Department of the Treasury.

OFFICE OF PLANNING AND BUDGET

Brian P. Kemp
Governor

Kelly Farr
Director

Sole Source Justification Form - continued

2. Describe activities performed by the subrecipient to determine that costs associated with the non-competitive contract are fair and reasonable. (e.g. independent cost estimate, research, past experience, etc.). *Please limit your response to 1000 characters.*

Pricing included in the current proposal is consistent with recently approved contracts in other jurisdictions, including the following:

- Houston County, Georgia: 75+ cameras. 2022.
- Hall County, Georgia: 40 cameras. 2023.
- Monroe County, Georgia: 21 cameras. 2022.
- Baldwin County, Georgia: 20 cameras. 2022.

Flock Systems are also available to businesses, homeowner associations, and other private entities.

3. Describe procedures performed by the subrecipient to confirm that no conflicts of interest exist between the contractor and the subrecipient and / or its key stakeholders. *Please limit your response to 1000 characters.*

Sheriff David J. Davis confirms no known conflicts of interest exist between Flock Systems and the Bibb County Sheriff's Office. The evaluation process included discussions of any potential conflicts of interest with key staff from the Sheriff's Office and the Macon-Bibb County Attorney's Office.

Procurement will comply with Macon-Bibb County's Procurement policies and the procurement standards outlined in the Uniform Guidance, including required contract provisions. The Bibb County Sheriff's Office has checked the System for Award Management as of June 11, 2023 to confirm the contractor has not been prohibited from receiving federal funds. Prior to final approval of a contract, the Procurement Office of Macon-Bibb County will again check the System for Award Management to confirm the contractor has not been prohibited from receiving federal funds. The Macon-Bibb County Attorney's Office will review proposed contract language to ensure compliance with required policies and standards.

NOTE: The acceptance a Sole Source contract lies exclusively with the United States Department of the Treasury.

OFFICE OF PLANNING AND BUDGET

Brian P. Kemp
Governor

Kelly Farr
Director

Sole Source Justification Form – continued

4. Describe the process by which the subrecipient obtained approval for the noncompetitive contract by those charged with governance at your organization (e.g. Stakeholders, Council, Board of Directors, Senior Management). Please include a link or an attachment to your sole source justification submission evidencing approvals obtained. *Please limit your response to 1000 characters.*

Sheriff David J. Davis and staff extensively researched the Flock System. Sheriff Davis was an integral participant in the evaluation and selection process. See attached Sole Source Documentation approved by Sheriff Davis.

5. Describe any other diligence activities performed by the subrecipient in acquisition of the noncompetitive contract. *Please limit your response to 1000 characters.*

A thorough evaluation of the Flock System included analysis of the benefits of the system, review of pricing information, participation in demonstrations held in neighboring jurisdictions that currently operate the Flock System, and analysis of geographical locations that would be most suitable for this technology.

The technology provided by the Flock System as well as the ability to access the data from participating jurisdictions demonstrate the value of awarding this noncompetitive contract.

NOTE: The acceptance a Sole Source contract lies exclusively with the United States Department of the Treasury.

flock safety

Sole Source Letter for Flock Safety® ALPR Cameras and Solution

Flock Safety® is the sole manufacturer and developer of the Flock Safety® ALPR Camera. Flock Safety® is also the sole provider of the comprehensive monitoring, processing, and machine vision services which integrate with the Flock Safety® ALPR Camera.

The Flock Safety® ALPR camera and devices are the only Law Enforcement Grade ALPR System to offer the following combination of proprietary features:

1. Vehicle Fingerprint Technology®:

- Patented proprietary machine vision to analyze vehicle license plate, state recognition, and vehicle attributes such as color, type, make and objects (roof rack, bumper stickers, etc.) based on image analytics (not car registration data)
- Machine vision to capture and identify characteristics of vehicles with a paper license plate and vehicles with the absence of a license plate
- Ability to 'Save Search' based on description of vehicles using our patented Vehicle Fingerprint Technology without the need for a license plate, and set up alerts based on vehicle description
- Only LPR provider with "Visual Search" which can transform digital images from any source into an investigative lead by finding matching vehicles based on the vehicle attributes in the uploaded photo
- Flock Safety Falcon Flex™: an infrastructure-free, location-flexible license plate reader camera that is easy to self install. Flock Safety Falcon Flex™ ties seamlessly into the Flock Safety® ecosystem with a small and lightweight camera with the ability to read up to 30,000 license plates and vehicle attributes on a single battery charge

2. Integrated Cloud-Software & Hardware Platform:

- Ability to capture two (2+) lanes of traffic simultaneously with a single camera from a vertical mass
- Best in class ability to capture and process up to 30,000 vehicles per day with a single camera powered exclusively by solar power
- Wireless deployment of solar powered license plate reading cameras with integrated cellular communication weighing less than 5lbs and able to be powered solely by a solar panel of 60W or less
- Web based footage retrieval tool with filtering capabilities such as vehicle color, vehicle type, vehicle manufacturer, partial or full license plate, state of license plate, and object detection

flock safety

- Utilizes motion capture to start and stop recording without the need for a reflective plate
 - Motion detection allows for unique cases such as bicycle capture, ATV, motorcycle, etc.
 - On device machine processing to limit LTE bandwidth consumption
 - Cloud storage of footage
 - Covert industrial design for minimizing visual pollution
3. Transparency & Ethical Product Design:
- One-of-a-kind “Transparency Portal” public-facing dashboard that details the policies in place by the purchaser, as well as automatically updated metrics from the Flock Safety® system
 - Built-in integration with NCMEC to receive AMBER Alerts to find missing children
 - Privacy controls to enable certain vehicles to “opt-out” of being captured
4. Integrated Audio & Gunshot Detection:
- Natively integrated audio detection capabilities utilizing machine learning to recognize audio signatures typical of crimes in progress (e.g., gunshots)
5. Live Video Integration:
- Ability to apply computer vision to third-party cameras using Flock Safety Wing® LPR, transforming them to evidence capture devices using the same Vehicle Fingerprint® technology offered on the Flock Safety Falcon® ALPR cameras
 - Flock Safety Wing® Livestream integrates live stream traffic cameras, publicly or privately owned livestream security cameras into one cloud-based situational awareness dashboard to increase response time in mission-critical incidents
 - Manage various government intelligence including ALPR, livestream cameras, CAD, automatic vehicle location (AVL) on Flock Safety Wing® Suite
 - Ability to access live and recorded video using Flock Safety Condor™, a subscription video solution which allows officers to remotely view instant replay of downloadable live on-scene video with PTZ controls and 25X optical zoom without the need for additional camera network set-up, installation, or up-keep
6. Situational Awareness:
- FlockOS™ is the world’s first and only public safety operating system compatible with Flock Safety™ live streaming fixed and PTZ Condor camera, Flock Safety Raven™ gunshot audio detection, while seamlessly integrating first and

flock safety

third-party data across video, LPR, and audio to deliver real-time intelligence and retroactive crime solving in a single-pane real-time crime center

- Ability to enhance situational awareness capacity by layering all intelligence streams onto the FlockOS™ ESRI-based map
- FlockOS™ features Flock Safety™ unique Real-Time Routing feature that analyzes various data sources to determine where a suspect vehicle has been and its' direction of travel providing users with possible outcomes based on a confidence threshold

7. Partnerships:

- Flock Safety® is the only LPR provider to officially partner with AXON to be natively and directly integrated into Evidence.com
- Flock Safety® is the only LPR provider to be fully integrated into a dynamic network of AXON's Fleet 3 mobile ALPR cameras for patrol cars and Flock Safety Falcon® cameras
- Access to additional cameras purchased by our HOA and private business partners, means an ever-increasing amount of cameras and data at no additional cost

8. Warranty & Service:

- Lifetime maintenance and support included in subscription price
- Flock Safety® is the only fully integrated ALPR one-stop solution from production of the camera to delivery and installation
- Performance monitoring software to predict potential failures, obstructions, tilts, and other critical or minor issues

Thank you,

Garrett Langley CEO, Flock Safety®

I agree
